Prompter.....Jennifer Swanston

A message from our Youth Directors:

First of all, we would like to thank the members of SMP for their constant support & guidance over these past few months, as well as all the parent volunteers. We had many new actors this year & we can relate to them, this being our first year as directors as well, and we have had an amazing experience! We have to pay a huge thanks to our adult mentor, Cara, we could not have done anything without you! And finally to our devoted, hard working and committed cast, thank-you for making this show the best it can be! We really hope that you enjoy watching this show as much as we have had making it. This year we are excited to be part of the National Youth Arts Week!

A message from our Production Team:

We would like to express our thanks to all the wonderful volunteers who have supported our energetic and enthusiastic youth cast and crew. On behalf of ourselves and all our kids we would like to extend our warmest gratitude to Amy Pankratz, Richard Wright and Joe Arduini; who have graciously mentored all the cast, enhancing their knowledge, understanding and experience of the performing arts. These youth mentors not only generously shared their acting skills, but the way they positively demonstrated integrity and humour inspired our youth to challenge themselves as well. We could see our kids grow stronger not just in acting ability but also in personal maturity. The youth wanted them to know how very much appreciated they are.
